QUESTIONS AND ANSWERS

Proxy Materials

Why am I receiving these materials?

Our board of directors (“**Board of Directors**”) is making these materials available to you by mailing paper copies to you in connection with our Meeting to be held on May 2, 2019. As a shareholder, you are invited to attend the Meeting and are entitled and requested to vote on the business items described in this proxy statement (“**proxy statement**”). This proxy statement is furnished in connection with the solicitation of proxies by or on behalf of the management and the Board of Directors. This proxy statement is designed to assist you in voting your shares and includes information that we are required to provide under the rules of the U.S. Securities and Exchange Commission (the “**SEC**”) and applicable Canadian securities laws.

These proxy materials are being sent to both registered and non-registered shareholders. If you are a non-registered owner, and we have sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, we (and not the intermediary holding on your behalf) have assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

There are two kinds of non-registered, or beneficial, shareholders – those who object to their name being made known to the issuers of securities which they own (called “**OBOs**” for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called “**NOBOs**” for Non-Objecting Beneficial Owners).

In accordance with Canadian National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Company has elected to send the proxy materials directly to NOBOs and will pay for intermediaries to deliver the proxy materials to OBOs.

What is included in the proxy materials?

The proxy materials include:

- our notice of meeting;
- our proxy statement for the Meeting, including any schedules thereto;
- a proxy or voting instruction card; and
- our 2018 Annual Report on Form 10-K.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the Meeting, the voting process, our Board of Directors and board committees, corporate governance, the compensation of our directors and executive officers and other required information.

We will bear the cost of solicitation. This solicitation of proxies is being made to shareholders by mail, but may be supplemented by telephone or other personal contact.

We will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy materials to beneficial shareholders.

What items of business will be voted on at the Meeting?

The business items to be voted on at the Meeting are:

- the election of two members of the Board of Directors to hold office until the 2022 annual meeting of shareholders or until their successors are elected and qualified, subject to earlier resignation or removal;

Table of Contents

- the appointment of KPMG LLP, chartered professional accountants, as auditors for the Company for the ensuing year and the authorization of the Board of Directors to fix the remuneration to be paid to the auditor; and
- the consideration of other matters that may properly come before the Meeting.

What are my voting choices?

You may vote “FOR” or “WITHHOLD” for the election of either one or both nominees for election as directors and may vote “FOR” or “WITHHOLD” for the appointment of KPMG as auditors for the ensuing year and the authorization of the Board of Directors to fix the auditor’s remuneration.

How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote your shares “FOR” each of its nominees for election to the Board of Directors and “FOR” the appointment of KPMG as auditors for the ensuing year and the authorization of the Board of Directors to fix the auditor’s remuneration.

What vote is required to approve each item?

To conduct business at the Meeting, a quorum consisting of at least 30% of the shares entitled to vote must be present in person or represented by proxy and at least two persons entitled to vote at the Meeting must be present in person or represented by proxy.

If you indicate “WITHHOLD” in respect to the election of directors, your vote will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Meeting and will be considered a vote cast under our majority voting policy (described under “Proposal 1 – Election of Directors”). You are not entitled to cumulative voting in the election of directors.

As described below, broker non-votes will be counted for determining the presence or absence of a quorum for the transaction of business at the Meeting, but will not be considered votes cast with respect to the election of any director nominee or on any other proposal.

<u>Proposal</u>	<u>Required Vote</u>
1.Election of Directors	Plurality of votes – nominees receiving the two highest number of votes at the Meeting will be elected*
2.Appointment and Remuneration of Auditors	Majority of the votes cast on the proposal

* See “Proposal 1 – Election of Directors” for a description of our majority voting policy. In an uncontested election, if the number of votes “withheld” for any nominee exceeds the number of votes “for” the nominee, then the policy requires that the nominee shall tender his or her written resignation to the Chair of the Board of Directors.

What happens if additional items are presented at the Meeting?

We are not aware of any item that may be voted on at the Meeting that is not described in this proxy statement. However, the holders of the proxies that we are soliciting will have the discretion to vote them in accordance with their best judgment on any additional matters that may be voted on, including matters incidental to the conduct of the Meeting.

Where can I find the voting results?

We expect to announce preliminary voting results at the Meeting and to publish final results in a current report on Form 8-K that we will file with the SEC and in a press release that we will file on the System

Table of Contents

for Electronic Document Analysis and Retrieval (“**SEDAR**”) promptly following the Meeting. Both the Form 8-K and press release will also be available on our website at www.zymeworks.com.

How You Can Vote

What shares can I vote?

You are entitled to one vote for each common share that you owned at the close of business on March 8, 2019, the Record Date for the Meeting, at the Meeting and any adjournment or postponement thereof. You may vote all shares owned by you on the Record Date, including (1) shares held directly in your name as the shareholder of record and (2) shares held for you as the beneficial owner through a bank, broker or other nominee. On the Record Date, there were 42 shareholders of record holding 1,041,543 of the 32,025,299 common shares that were outstanding, and the remaining 30,983,756 outstanding common shares were held through Cede & Co. and CDS & Co.

Each shareholder has the right to appoint a person or a company (who need not be a shareholder) to attend and act for him/her and on his/her behalf at the Meeting other than the persons designated in the enclosed form of proxy. Such right may be exercised by striking out the names of the persons designated on the enclosed form of proxy and by inserting such appointed person’s name in the blank space provided for that purpose or by completing another form of proxy acceptable to the Board of Directors.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a bank, broker or other nominee rather than having the shares registered directly in their own name. Summarized below are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Investor Services Inc., you are the shareholder of record of the shares. As the shareholder of record, you have the right to grant a proxy to vote your shares to representatives from the Company or to another person, or to vote your shares in person at the Meeting. You have received a proxy card to use in voting your shares either by mail or email.

Beneficial Owner

If your shares are held through a bank, broker or other nominee, it is likely that they are registered in the name of the nominee and you are the beneficial owner of shares held in street name.

As the beneficial owner of shares held for your account, you have the right to direct the registered holder to vote your shares as you instruct, and you also are invited to attend the Meeting. Your bank, broker, plan trustee or other nominee has provided a voting instruction card for you to use in directing how your shares are to be voted. However, since a beneficial owner is not the shareholder of record, you may not vote your shares in person at the Meeting, or any adjournment or postponement thereof, unless you obtain a legal proxy from the registered holder of the shares giving you the right to do so.

How can I vote in person at the Meeting?

You may vote, in person at the Meeting or any adjournment or postponement thereof, those shares that you hold in your name as the shareholder of record. You may vote in person shares for which you are the

Table of Contents

beneficial owner only by obtaining a legal proxy giving you the right to vote the shares from the bank, broker or other nominee that is the registered holder of your shares.

Even if you plan to attend the Meeting, we recommend that you also submit your proxy or voting instructions as described below, so that your vote will be counted if you later decide not to attend.

How can I vote without attending the Meeting?

Whether you hold your shares as a shareholder of record or as a beneficial owner, you may direct how your shares are to be voted without attending the Meeting or any adjournment or postponement thereof. If you are a shareholder of record, you may vote by submitting a proxy. If you hold shares as a beneficial owner, you may vote by submitting voting instructions to the registered owner of your shares. Each shareholder submitting a proxy has the right to appoint one or more proxy holders (but not more than five) to represent the shareholder at the Meeting to the extent and with the powers conferred by the proxy.

For directions on how to vote, please refer to the following instructions and those included on your proxy or voting instruction card. A proxy form will not be valid unless completed and deposited in accordance with the instructions set out in the proxy form.

Voting by Internet

Shareholders may vote over the Internet by following the instructions on the proxy or voting instruction card.

Voting by Telephone

Shareholders of record may vote by telephone by calling 1-866-732-8683 or, for shareholders of record outside of North America, by calling the number indicated on your proxy or voting instruction card, and following the instructions.

Most shareholders who are beneficial owners of their shares and have received a voting instruction card may vote by phone by calling the number specified on the voting instruction card provided by their bank, broker or nominee. These shareholders should check the card for telephone voting availability.

Voting by Mail

Shareholders may vote by mail by signing, dating and returning their proxy or voting instruction card to our transfer agent, Computershare Investor Services Inc. at the following address:

Computershare Investor Services Inc.
100 University Ave, 8th Floor,
Toronto, ON, M5J 2Y1

How will my shares be voted?

Your shares will be voted as you specifically instruct on your proxy or voting instruction card. If you sign and return your proxy or voting instruction card without giving specific instructions, your shares will be voted as recommended by our Board of Directors. Additionally, the form of proxy confers discretionary authority upon the persons named therein with respect to: (i) the matters set out in the proxy if no choice is specified; (ii) amendments or variations to matters identified in this proxy statement; and (iii) other matters which may properly come before the Meeting, provided that, in the case of items (ii) and (iii), such amendments, variations or other matters were not known to our management a reasonable time prior to the solicitation of proxies. If any matters which are not now known should properly come before the

Table of Contents

Meeting, persons named in the form of proxy will vote on such matters in accordance with their best judgment. At the time of printing this proxy statement, our management is not aware of any amendment, variation or other matters which are to come before the Meeting other than those matters identified in the accompanying Notice.

Will shares I hold in my brokerage account be voted if I do not provide timely voting instructions?

If your shares are held through a brokerage firm, they will be voted as you instruct on the voting instruction card provided by your broker. If you sign and return your card without giving specific instructions, your shares will be voted in accordance with the recommendations of our Board of Directors.

If you do not return your voting instruction card on a timely basis, your broker will have the authority to vote your brokerage shares only on the proposal to ratify our independent registered public accounting firm. Your broker will be prohibited from voting your shares without your instructions on the election of directors and on any other proposal. These “broker non-votes” will be counted only for the purpose of determining whether a quorum is present at the meeting and not as votes cast. Such broker non-votes will have no effect on the outcome of the matter.

Will shares that I own as a shareholder of record be voted if I do not timely return my proxy card?

Shares that you own as a shareholder of record will be voted as you instruct on your proxy card. If you sign and return your proxy card without giving specific instructions, they will be voted in accordance with the procedure set out above under the heading “*How will my shares be voted?*”

If you do not timely return your proxy card, your shares will not be voted unless you or your proxy holder attends the Meeting and any adjournment or postponement thereof and votes in person as described above under the heading “*How can I vote in person at the Meeting?*”

When is the deadline to vote?

If you hold shares as the shareholder of record, your vote by proxy must be received before 9:00 a.m. (Vancouver time) on April 30, 2019 or two business days prior to any adjournment of the Meeting or must be deposited at the Meeting with the Chair of the Meeting before the commencement of the Meeting or any adjournment thereof.

If you hold shares as a beneficial owner, please follow the voting instructions provided by your bank, broker or other nominee.

May I change or revoke my vote?

If you are a shareholder of record, you may change your vote by: (i) providing a written notice of revocation to our Corporate Secretary at the address set out below under the heading “*How do I obtain additional copies of this proxy statement or voting materials?*” provided that such notice is received prior to close of business on May 1, 2019; (ii) by attending the Meeting and voting in person; or (iii) by granting a subsequent proxy. To be effective, the subsequent proxy must be deposited at the place and time specified above under the heading “*When is the deadline to vote?*” for the deposit of proxies or deposited at the Meeting, or any adjournment thereof, with the Chair of the Meeting before any vote in respect of which the proxy has been given at the Meeting or any adjournment thereof.

For shares you hold as a beneficial owner, you may change your vote by timely submitting new voting instructions to your bank, broker or other nominee (which revokes your earlier instructions), or, if you

Table of Contents

have obtained a legal proxy from the nominee giving you the right to vote your shares, by attending the Meeting and voting in person.

Attending the Meeting

Who can attend the Meeting?

You may attend the Meeting and any adjournment or postponement thereof only if you were a shareholder of ours at the close of business on March 8, 2019, the Record Date for the Meeting, or you hold a valid proxy to vote at the Meeting. You should be prepared to present photo identification to be admitted to the Meeting.

If you are not a shareholder of record, but are the beneficial owner of shares held in street name through a bank, broker or other nominee, in order to be admitted to the Meeting you must also provide proof of beneficial ownership on the Record Date, such as your account statement, a copy of the voting instruction card provided by your nominee, or other similar evidence of share ownership.

The Meeting will begin promptly at 9:00 a.m. (Vancouver time). Please allow ample time for check-in procedures.

Shareholder Proposals and Director Nominations

What is the deadline to submit shareholder proposals to be included in the proxy materials for next year's annual meeting?

The Company is subject to the rules of both the SEC under the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), and provisions of the Business Corporations Act (British Columbia) ("**BCBCA**") with respect to shareholder proposals. As clearly indicated under the BCBCA and SEC rules under the Exchange Act, simply submitting a shareholder proposal does not guarantee its inclusion in the proxy materials.

Shareholder proposals submitted pursuant to SEC rules under the Exchange Act for inclusion in the Company's proxy materials for next year's annual meeting must be received by our Corporate Secretary no later than 5:00 p.m. (Vancouver time) on November 19, 2019 and must be submitted to our Corporate Secretary at Zymeworks Inc., Suite 540 – 1385 West 8th Avenue, Vancouver, BC Canada, V6H 3V9. Such proposals must also comply with all applicable provisions of Rule 14a-8 under the Exchange Act.

The BCBCA also sets out the requirements for a valid proposal and provides for the rights and obligations of the Company and the submitter upon a valid proposal being made. Proposals submitted under the applicable provisions of the BCBCA that a shareholder intends to present at next year's annual meeting and wishes to be considered for inclusion in the Company's proxy statement and form of proxy relating to next year's annual meeting must be received at least three months before the anniversary of the Company's last annual general meeting. Such proposals must also comply with all applicable provisions of the BCBCA and the regulations thereunder.

Proposals that are not timely submitted or are submitted to the incorrect address or other than to the attention of our Corporate Secretary may, at our discretion, be excluded from our proxy materials.

See below under the heading "*How may I nominate director candidates or present other business for consideration at a meeting?*" for a description of the procedures through which shareholders may nominate director candidates for consideration.

Table of Contents

How may I nominate director candidates or present other business for consideration at a meeting?

Shareholders who wish to (1) submit director nominees for consideration or (2) present other items of business directly at next year's annual meeting must give written notice of their intention to do so, in accordance with the deadlines described below, to our Corporate Secretary at the address set forth below under the heading "*How do I obtain additional copies of this proxy statement or voting materials?*" Any such notice also must include the information required by our Articles of Incorporation ("**articles**") (which may be obtained as provided below under the heading "*How may I obtain financial and other information about Zymeworks Inc.?*") and must be updated and supplemented as provided in the articles.

Written notice of director nominees must be received, in the case of an annual meeting (including an annual and special meeting), not later than the close of business on the 30th day prior to the date of the meeting; provided, however, that in the event that the meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the meeting was made, notice must be made not later than the close of business on the tenth day following the date of such first public announcement. See "Advance Notice Policy" under "Proposal 1 – Election of Directors" in this proxy statement.

How may I recommend candidates to serve as directors?

Shareholders may recommend director candidates for consideration by the nominating and corporate governance committee of our Board of Directors by writing to our Corporate Secretary at the address set forth below under the heading "*How do I obtain additional copies of this proxy statement or voting materials?*" in accordance with the notice provisions described above under the heading "*How may I nominate director candidates or present other business for consideration at a meeting?*" To be in proper written form, such notice must set forth the nominee's name, age, business and residential address, and principal occupation or employment for the past five years, his or her direct or indirect beneficial ownership in, or control or direction over, any class or series of securities of the Company, including the number or principal amount and such other information on the nominee and the nominating shareholder as set forth in our articles, which may be obtained in accordance with the instructions below under the heading "*How may I obtain financial and other information about Zymeworks Inc.?*"

Obtaining Additional Information

How may I obtain financial and other information about Zymeworks Inc.?

SHARE OWNERSHIP

The following table indicates information as of March 8, 2019 regarding the beneficial ownership of our common shares for:

- each person who is known by us to beneficially own more than 5% of our common shares;
- each named executive officer;
- each of our directors; and
- all of our directors and executive officers as a group.

For the purposes of calculating percent ownership, as of March 8, 2019, 32,025,299 shares were issued and outstanding, and, for any individual who beneficially owns shares represented by options exercisable within sixty days of March 8, 2019, these shares are treated as if outstanding for that person, but not for any other person. Unless otherwise indicated in the footnotes to the table, and subject to community property laws where applicable, the following persons have sole voting and investment control with respect to the shares beneficially owned by them. In accordance with SEC rules, if a person has a right to acquire beneficial ownership of any common shares on or within 60 days, upon conversion or exercise of outstanding securities or otherwise, the shares are deemed beneficially owned by that person and are deemed to be outstanding solely for the purpose of determining the percentage of our shares that person beneficially owns. These shares are not included in the computations of percentage ownership for any other person. To our knowledge, except as noted in the table below, no person or entity is the beneficial owner of more than 5% of the voting power of our common shares.

Except as otherwise indicated, the address of each of the persons in this table is 540 – 1385 West 8th Avenue, Vancouver, British Columbia, Canada V6H 3V9.

GOVERNANCE

Our business and affairs are managed, and all corporate powers are exercised, under the direction of our Board of Directors. Our Board of Directors establishes fundamental corporate policies and oversees our performance and our Chief Executive Officer and the other officers to whom our Board of Directors has delegated authority to manage day-to-day business operations.

Our Board of Directors has adopted corporate governance guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, and other policies for the Company's governance. It also has adopted a Code of Business Conduct and Ethics (the "**Code of Conduct**") that applies to members of our Board of Directors and our executive officers as well as all of our employees. Several standing committees (audit, compensation and nominating and corporate governance) assist our Board of Directors in carrying out its responsibilities. Each standing committee operates under a written charter adopted by our Board of Directors.

Our corporate governance guidelines, audit, compensation, and nominating and corporate governance committee charters and Code of Conduct are posted on our website at www.zymeworks.com. Paper copies of these documents, as well as our constating documents (including our articles), Advance Notice Policy (defined herein) and position descriptions for the Chair of the Board of Directors and the lead director, may be obtained upon request by writing to: Corporate Secretary, Zymeworks Inc., Suite 540 – 1385 West 8th Avenue, Vancouver, BC Canada V6H 3V9. Our Board of Directors mandate is attached as Schedule "A" to this proxy statement.

Our articles provide that a quorum of shareholders is the holders of at least 30% of the shares entitled to vote at the meeting, present in person or represented by proxy, and at least two persons entitled to vote at the meeting, present in person or represented by proxy.

The Canadian Securities Administrators has issued corporate governance guidelines pursuant to Canadian National Policy 58-201 – Corporate Governance Guidelines (the "**Corporate Governance Guidelines**"), together with certain related disclosure requirements pursuant to Canadian National Instrument 58-101 – Disclosure of Corporate Governance Practices ("**NI 58-101**"). The Corporate Governance Guidelines are recommended as "best practices" for issuers to follow. We recognize that good corporate governance plays an important role in our overall success and in enhancing shareholder value and, accordingly, we have adopted certain corporate governance policies and practices which reflect our consideration of the recommended Corporate Governance Guidelines.

Board of Directors

Our Board of Directors is responsible for the stewardship of the Company and providing oversight as to the management of our business and affairs, including providing guidance and strategic oversight to management. Our Board of Directors has a formal mandate that includes the following:

- appointing our Chief Executive Officer;
- developing the corporate goals and objectives that our Chief Executive Officer is responsible for meeting and reviewing the performance of our Chief Executive Officer against such corporate goals and objectives;
- taking steps to satisfy itself as to the integrity of our Chief Executive Officer and other executive officers and that our Chief Executive Officer and other executive officers create a culture of integrity throughout the organization;

Table of Contents

- reviewing and approving our Code of Conduct and reviewing and monitoring compliance with the Code of Conduct and our enterprise risk management processes;
- adopting a strategic planning process to establish objectives and goals for our business and reviewing, approving, and modifying, as appropriate, the strategies proposed by management to achieve such objectives and goals; and
- reviewing and approving material transactions not in the ordinary course of business.

Board Leadership

Our Board of Directors has a Chair, currently Mr. Bedford, an independent director, who has authority, among other things, to call and preside over Board of Directors meetings. The Chair, in consultation with the chair of any applicable committee and other directors, as appropriate, shall establish the agenda for meetings of the Board of Directors. If the Chair is not an independent director then an independent lead director should act as the effective leader of the Board of Directors and ensure the Board of Directors' agenda will enable it to successfully carry out its duties.

As a general policy, the Board of Directors believes that separation of the position of the Chair and Chief Executive Officer reinforces the independence of the Board of Directors from management, creates an environment that encourages objective oversight of management's performance and enhances the effectiveness of the Board of Directors as a whole.

We have a separate chair for each committee of the Board of Directors. The chairs of each committee are expected to report annually to the Board of Directors on the activities of their committee in fulfilling their responsibilities as detailed in their respective charters or specify any shortcomings should that be the case.

Risk Oversight

Our Board of Directors is responsible for the general oversight of risks that affect us. Our Board of Directors receives regular reports on our operations from our Chief Executive Officer, as well as other members of management. Our Board of Directors reviews these reports and makes inquiries in their business judgment.

Our Board of Directors also fulfills its oversight role through the operations of its various committees, including our audit committee. Our Board of Directors receives periodic reports on each committee's activities. Our audit committee has responsibility for risk oversight in connection with its review of our financial reports filed with the SEC. Our audit committee receives reports from our Chief Financial Officer and our independent auditors in connection with the review of our quarterly and annual financial statements regarding significant financial transactions, accounting and reporting matters, critical accounting estimates and management's exercise of judgment in accounting matters. When reporting on such matters, our independent auditors also provide their assessment of management's report and conclusions.

Director Independence

The Board of Directors has determined that all directors, except Dr. Tehrani, meet the independence requirements under the NYSE Listing Rules and applicable Canadian securities laws, and qualify as "independent directors" under those Listing Rules and applicable Canadian securities laws. Dr. Tehrani is not considered independent by virtue of being our President and Chief Executive Officer. Each of the members of our compensation committee, audit committee and corporate governance and nominating committee is an independent director.

Board and Committee Meetings; Executive Sessions

At regularly scheduled Board of Directors and committee meetings, directors review and discuss management reports regarding our performance, prospects and plans, as well as significant opportunities and immediate issues facing us. At least once a year, our Board of Directors also reviews management's long-term strategic and financial plans.

The Chair, in consultation with the chair of any applicable committee and other directors, as appropriate, establishes the agenda for meetings of the Board of Directors. Committee agendas and schedules are set by or in consultation with the committee chair and with the approval of the Chair of the Board of Directors. Directors are encouraged to propose agenda items, and any director also may raise at any meeting subjects that are not on the agenda. Information and other materials important to understanding the business to be conducted at Board of Directors and its committee meetings, to the extent available, are distributed in writing to the directors in advance of the meeting. Additional information may be presented at the meeting. The independent members of the Board of Directors also meet, as required, without the non-independent director and members of management, before or after each regularly scheduled meeting in camera.

Audit Committee

Our audit committee consists of Mr. Bedford, Mr. Renton and Ms. Zoth. Ms. Zoth serves as the chair of our audit committee and has been identified as an “audit committee financial expert” as that term is defined in the rules and regulations established by the SEC. The members of our audit committee are “financially literate” and “independent” within the meaning of NYSE rules and Canadian National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”).

The education and experience of each member of the audit committee that is relevant to the performance of his or her responsibilities as a member of the audit committee is described below under “Proposal 1 – Election of Directors.”

Ms. Zoth currently serves on the audit committees of three other public companies: Inovio Pharmaceuticals, Inc. (Nasdaq), NewLink Genetics Corporation (Nasdaq) and Spark Therapeutics, Inc. (Nasdaq). Our Board of Directors has determined that Ms. Zoth’s simultaneous service on those audit committees does not impair her ability to effectively serve on our audit committee.

The principal purpose of our audit committee is to assist our Board of Directors in its oversight of:

- the quality and integrity of our financial statements and related information;
- the independence, qualifications, appointment and performance of our external auditor;
- our disclosure controls and procedures, internal control over financial reporting and management’s responsibility for assessing and reporting on the effectiveness of such controls;
- our compliance with applicable legal and regulatory requirements; and
- our enterprise risk management processes.

Our Board of Directors has established a written charter setting forth the purpose, composition, authority and responsibility of our audit committee, consistent with the rules of the NYSE, the SEC and NI 52-110, a current copy of which is available on our website at www.zymeworks.com. Our audit committee has access to all of our books, records, facilities and personnel and may request any information about us as it may deem appropriate. It also has the authority in its sole discretion and at our expense to retain and set the compensation of outside legal, accounting or other advisors as necessary to assist in the performance of its duties and responsibilities.

Table of Contents

Both our independent auditors and internal financial personnel regularly meet privately with the audit committee and have unrestricted access to this committee. Our audit committee held four meetings during the year ended December 31, 2018.

Compensation Committee

Our compensation committee currently consists of Dr. Hillan, Mr. Renton and Ms. Zoth, and is chaired by Mr. Renton. The functions of this committee include:

- reviewing and making recommendations with respect to compensation policy and programs and determining and recommending option grants under our incentive stock plan;
- reviewing and recommending to our Board of Directors the manner in which executive compensation should be tied to corporate goals and objectives;
- annually reviewing and recommending for the approval of the Board of Directors the corporate goals and objectives applicable to the compensation of the Chief Executive Officer, evaluating at least annually the Chief Executive Officer's performance in light of those goals and objectives and determining and recommending for the approval of the Board of Directors the Chief Executive Officer's compensation level based on this evaluation;
- reviewing and approving the compensation of all executive officers other than the Chief Executive Officer;
- reviewing and making recommendations to our Board of Directors regarding the Company's equity-based plans;
- authority to oversee our non-executive equity-based plans, including the discharge of any duties imposed on the compensation committee by any of those plans; and
- reviewing director compensation for service on our Board of Directors and board committees at least once a year and recommending any changes to our Board of Directors.

Additional discussion of the role and responsibilities of the compensation committee is set forth below under "Executive Compensation – Compensation Discussion and Analysis."

Our Board of Directors has established a written charter setting forth the purpose, composition, authority and responsibility of our compensation committee consistent with the rules of the NYSE, the SEC and the guidance of the Canadian Securities Administrators, a current copy of which is available on our website at www.zymeworks.com.

Our Board of Directors has determined that each of the members of our compensation committee is independent as defined by NYSE rules and is also independent for the purposes of NI 58-101. Our compensation committee held six meetings during the year ended December 31, 2018.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Mr. Bedford, Dr. Hillan and Dr. Sacks. The nominating and corporate governance committee is chaired by Mr. Bedford.

The nominating and corporate governance committee's purpose is to assist our Board of Directors in:

Table of Contents

- identifying individuals qualified to become members of our Board of Directors;
- selecting or recommending that our Board of Directors select director nominees for the next annual meeting of shareholders and determining the composition of our Board of Directors and its committees;
- developing and overseeing a process to assess our Board of Directors, the Chair of the Board of Directors, the committees of the Board of Directors, the chairs of the committees, individual directors and management; and
- developing and implementing our corporate governance guidelines.

It is the responsibility of the nominating and corporate governance committee to regularly evaluate the overall efficiency of our Board of Directors and our Chair and all board committees and their chairs. As part of its mandate, the nominating and corporate governance committee conducts the process for the assessment of our Board of Directors, each committee and each director regarding his, her or its effectiveness and contribution, and reports evaluation results to our Board of Directors on a regular basis. In the course of this assessment, the chair of the nominating and corporate governance committee solicits input on committee members from the chair of each standing committee as well as from each of the current members of our Board of Directors. The nominating and corporate governance committee reviews and discusses this feedback and reports to the Board of Directors on an annual basis.

Our Board of Directors has not adopted director term limits or other automatic mechanisms of board renewal. Rather than adopting formal term limits, mandatory age-related retirement policies and other mechanisms of board renewal, the nominating and corporate governance committee has developed a skills and competencies matrix for our Board of Directors as a whole and for individual directors. This skills and competencies matrix is included in materials circulated to and discussed by the nominating and corporate governance committee.

The nominating and corporate governance committee may retain, at the Company's expense, outside counsel or other advisors as necessary to assist in the performance of its duties and responsibilities.

Our Board of Directors has established a written charter setting forth the purpose, composition, authority and responsibility of our nominating and corporate governance committee, a current copy of which is available on our website at www.zymeworks.com.

Director Nominations

Our nominating and corporate governance committee identifies, selects and recommends to the Board of Directors individuals qualified to serve both on the Board of Directors and on committees of the Board of Directors, including persons suggested by shareholders and others, in accordance with our articles. In identifying new candidates for our Board of Directors, the nominating and corporate governance committee considers what competencies and skills our Board of Directors as a whole should possess, assesses the competencies and skills each existing and potential director, and considers the personality and other qualities of each existing and potential director, as these may ultimately determine the boardroom dynamic. All directors are required to possess fundamental qualities of intelligence, honesty, integrity, ethical behavior, fairness and responsibility and be committed to representing the long-term interests of the shareholders. They must also have a genuine interest in the Company and be able to devote sufficient time to discharge their duties and responsibilities effectively. Recommendations concerning director nominees are based on merit and past performance as well as expected contribution to the Board of Directors' performance and knowledge of the industry and sector in which the Company operates.

Table of Contents

The Company, including our Board of Directors, views diversity in a broad context and considers a variety of factors when assessing nominees for the Board of Directors; however, we have no formal policy regarding board diversity. Our priority in the selection of members of our Board of Directors is identifying members who will further the interests of our shareholders through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, knowledge of our business and understanding of the competitive landscape. There are currently two women on our Board of Directors, which represents approximately 34% of the current Board of Directors.

The nominating and corporate governance committee will consider for nomination qualified director candidates recommended by our shareholders in accordance with our articles. Any shareholder who wishes to recommend a director candidate is directed to submit written notice of the nomination to our Corporate Secretary at our principal executive offices. For details on the requirements for the submission of such notice, see “Advance Notice Policy” under “Proposal 1 – Election of Directors” in this proxy statement.

All written submissions received from our shareholders will be reviewed by the nominating and corporate governance committee at the next appropriate meeting. The nominating and corporate governance committee will evaluate any suggested director candidates received from our shareholders in the same manner as recommendations received from management, committee members or members of our Board of Directors.

Our Board of Directors has determined that each of the members of our nominating and corporate governance committee is independent as defined by the NYSE rules and for the purposes of NI 58-101. The nominating and corporate governance committee met four times during the year ended December 31, 2018.

Communications with the Board of Directors

Shareholders and other interested parties may contact any member (or all members) of our Board of Directors (including, without limitation, the non-management directors as a group), any committee of our Board of Directors or the chair of any such committee. Written correspondence may be sent addressed to our Board of Directors, any committee or any individual director, c/o Corporate Secretary, Zymeworks Inc., Suite 540 – 1385 West 8th Avenue, Vancouver, BC Canada, V6H 3V9.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act did not apply to us during the year ended December 31, 2018 because we were a foreign private issuer under U.S. securities laws. Over the course of 2018, our officers and directors were required to file reports of equity ownership and changes of ownership with the Canadian Securities Administrators but did not file such reports under the Exchange Act.

Staggered Board Provisions

Our articles provide for a staggered board of directors consisting of three groups of directors, with directors serving staggered three-year terms.

While the staggered board provisions apply, at every annual general meeting and in every unanimous shareholder resolution in lieu thereof, all of the directors whose terms expire shall cease to hold office immediately before the election or appointment of directors, but are eligible for re-election or re-appointment. The shareholders entitled to vote at the annual general meeting for the election of directors may elect, or in a unanimous resolution appoint, the number of directors required to fill any vacancies created. The directors will hold office for the applicable terms contemplated in the staggered board provisions. Upon the resignation of a director, the remaining directors may fill the casual vacancy resulting from such resignation for the remainder of the unexpired term.

Following the expiry of the staggered board provisions, the term of every director will be deemed to expire on our first annual general meeting following such expiry. If we cease to be listed on the Toronto Stock Exchange (the "TSX") prior to the expiry of the staggered board provisions, then the staggered board provisions will continue to apply.

For as long as we are listed on the TSX, the staggered board provisions will apply until the later of:

- i. the third annual general meeting following the date we continued as a British Columbia company; and
- ii. the date on which the TSX ceases to permit our Board of Directors to be elected in this manner.

Table of Contents

The TSX requires each of its listed issuers to annually elect its directors. The TSX has granted us a waiver from this requirement.

The terms of office for each of our directors is as follows:

- i. Dr. Hillan and Dr. Sacks have two year terms expiring on the second annual general meeting following May 2, 2017, the date we continued as a British Columbia company (i.e., the Meeting to be held on May 2, 2019);
- ii. Mr. Renton and Ms. Zoth have three year terms expiring on the third annual general meeting following May 2, 2017, the date we continued as a British Columbia company; and
- iii. Mr. Bedford and Dr. Tehrani have three year terms that expire on the third annual general meeting following their reelection to the Board of Directors on June 7, 2018.

Replacement or Removal of Directors

To the extent directors are elected or appointed to fill casual vacancies or vacancies arising from the removal of directors, in both instances whether by shareholders or directors, the directors shall hold office until the remainder of the unexpired portion of the term of the departed director that was replaced.

Under our articles, the number of directors of Zymeworks is the greater of three and the number set by our Board of Directors from time to time. Our Board of Directors has set the number of directors at six.

Majority Voting Policy

In accordance with the requirements of the TSX, we adopted a “majority voting policy” to the effect that a nominee for election as a director of Zymeworks who does not receive a greater number of votes “for” than votes “withheld” with respect to the election of directors by shareholders shall offer to tender his or her resignation to the Chair of our Board of Directors promptly following the meeting of shareholders at which the director was elected. The nominating and corporate governance committee will consider such offer and make a recommendation to our Board of Directors whether or not to accept such resignation. Our Board of Directors will promptly accept the resignation unless it determines, in consultation with the nominating and corporate governance committee, that there are exceptional circumstances that should delay the acceptance of the resignation or justify rejecting it. Our Board of Directors will make its decision and announce it in a press release within 90 days following the meeting of shareholders. A director who tenders a resignation pursuant to our majority voting policy will not participate in any meeting of our Board of Directors or the nominating and corporate governance committee at which the resignation is considered. Our majority voting policy does not apply for contested meetings at which the number of directors nominated for election is greater than the number of seats available on the Board of Directors.

Advance Notice Policy

Our articles include an advance notice policy (the “**Advance Notice Policy**”). The Advance Notice Policy provides that any shareholder seeking to nominate a candidate for election as a director (a “**Nominating Shareholder**”) at any annual meeting of the shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called was the election of directors, must give timely notice thereof in proper written form to our Corporate Secretary.

To be timely, a Nominating Shareholder’s notice must be made: (i) in the case of an annual meeting of shareholders (including an annual and special meeting), not less than 30 days prior to the date of the

annual meeting of shareholders, provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than 50 days after the date on which the first public announcement of the meeting was made, notice by the Nominating Shareholder may be made not later than the close of business on the 10th day following the date of such first public announcement; and (ii) in the case of a special meeting of shareholders (which is not also an annual meeting) called for the purpose of electing directors (whether or not called for other purposes as well), not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting of shareholders was made. The articles also prescribe the proper written form for a Nominating Shareholder's notice.

The chair of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the notice procedures set forth in the articles and, if any proposed nomination is not in compliance with such provisions, the discretion to declare that such defective nomination will be disregarded.

Notwithstanding the foregoing, the Board of Directors may, in their sole discretion, waive any requirement in the Advance Notice Policy.

All services that KPMG provided to us in 2018 and 2017 have been pre-approved by our audit committee.

Our audit committee has determined that the provision of the services as set out above is compatible with the maintaining of KPMG’s independence in the conduct of their auditing functions.

Table of Contents

Role of the Compensation Committee

During 2018, the committee's work included the following:

- Executive Compensation Review – The committee reviewed compensation practices and policies with respect to our senior management team against Zymeworks' peer group of companies (North American biotechnology companies of a similar size and stage of development, as listed in Schedule "B" to this proxy statement), in order to allow us to place our compensation practices for these positions in a market context. This reference exercise included a review of base salary, total cash compensation and total direct compensation.
- Executive Compensation – The committee reviewed the corporate goals and objectives applicable to the compensation of the Company's senior management team, including the Chief Executive Officer, and evaluated the Chief Executive Officer's performance in light of those goals and objectives. Based on this review and evaluation, the committee approved the 2019 compensation for the Company's senior management team (other than the Chief Executive Officer) and recommended the 2019 compensation for the Chief Executive Officer, which recommendation was approved by the Board of Directors.
- Long-Term Incentive Plan – The committee reviewed the effectiveness of all outstanding incentive compensation plans and equity-based plans.

In reaching its decisions, the compensation committee may consider input from management and other factors that the committee considers appropriate. Decisions made by the committee are the responsibility of the committee and may reflect factors and considerations other than the information and/or recommendations provided by management.

In carrying out its duties and responsibilities, the committee has the authority to:

- meet with and seek any information it requires from employees, officers, directors or external parties;
- investigate any matter relating to the Company's compensation practices, or anything else within its scope of responsibility;
- obtain full access to all Company books, records, facilities and personnel; and
- at its sole discretion and at the Company's expense, retain and set the compensation of outside legal or other advisers as necessary to assist in the performance of its duties and responsibilities.

The committee may form subcommittees for any purpose that the committee deems appropriate and may delegate to such subcommittees such power and authority as the committee deems appropriate; provided, however, that no subcommittee shall consist of fewer than two members; and provided further that the committee shall not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the committee as a whole. The committee may conduct or authorize investigations into or studies of matters within the committee's scope of responsibilities, and may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser. The committee shall be directly responsible for the appointment, compensation and oversight of the work of any compensation consultant, legal counsel or other adviser retained by the committee, the expense of which shall be borne by the Company. During the course of the compensation committee's assessment, our Chief Executive Officer provides the committee with an assessment of the performance of the senior executive officers (other than himself). After reviewing recommendations from our compensation

consultant, Radford (as further described below), our Chief Executive Officer makes a recommendation to the compensation committee regarding the compensation of senior executive officers (other than himself). In addition, the compensation committee makes a recommendation to the Board of Directors regarding the compensation for our Chief Executive Officer (without involvement or advice from the Chief Executive Officer or other members of management).

Overview of Compensation Program

Compensation Philosophy

The goal of our compensation program is to attract, retain and motivate our employees and executives. The compensation committee is responsible for setting our executive compensation and reviewing and recommending, for the approval of the Board of Directors, the Company's annual corporate performance objectives. In considering executive compensation, the compensation committee strives to ensure that our total compensation is competitive within the industry in which we operate and supports our overall strategy and corporate objectives. The combination of base salary, annual incentives and long-term incentives that we provide our executive officers is designed to accomplish this. The compensation committee considers the implications of the risks associated with our compensation policies and practices. Our named executive officers and directors are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of our equity securities granted as compensation or held, directly or indirectly, by the named executive officer or director.

Compensation Objectives

The objectives of our compensation program are to:

- Attract and retain highly qualified executive officers who have a history of proven success;
- Align the interests of executive officers with our shareholders' interests and with the execution of our business strategy;
- Motivate and reward our executive team through competitive pay practices and an appropriate mix of short- and long-term incentives;
- Evaluate executive performance on the basis of achievement of program development goals and key financial measurements which we believe closely correlate to long-term shareholder value; and
- Tie compensation awards directly to key financial measurements with evaluations based on achieving and overachieving predetermined objectives.

Components of Compensation Package

There are two major components of our executive compensation program:

- Base salary; and
- Variable-performance based compensation, consisting of:
 - annual cash bonuses based on a comparison of individual and corporate performance to pre-set goals and objectives; and

Table of Contents

- long-term incentives, currently consisting of annual grants of long-term stock options.

Determining Compensation

The compensation committee has retained Radford, part of Aon (a business unit of Aon plc), as independent consultants to the compensation committee to conduct competitive reviews and assessments of Zymeworks' executive compensation program and recommend go-forward strategies. The committee made the decision to retain Radford in its sole discretion and was directly responsible for the appointment, compensation and oversight of Radford's work. The compensation committee is involved in and approves the adoption of the following procedures during Radford's assessments:

- establishing the public company peer group used in the executive compensation assessment;
- reviewing the detailed assessment of Zymeworks' executive compensation program versus the market; and
- reviewing and approving executive pay mix.

The compensation committee utilizes these strategies when contemplating future executive compensation matters.

In addition to the compensation advisory services provided to the directors and executive officers, in 2017, Radford was retained to review the Company's initial public offering ("IPO") equity plan provisions and equity plan participation of employees below the executive level post-IPO. In 2018, Radford was retained to review the salaries, bonuses and equity plan participation of executive employees, as well as equity plan participation of employees below the executive level. Zymeworks' management did not make or recommend such engagements and all such other services were approved by the compensation committee. Radford did not perform other services to the Company other than as a compensation consultant. The compensation committee determined Radford to be independent after evaluating the factors required under the applicable listing standard.

The following table sets forth fees Zymeworks' paid to Aon in connection with its review and assessment of Zymeworks' executive compensation program and such other services.

	Executive Compensation Related Fees	Other Fees
2017	\$ 53,624	\$ 16,900
2018	60,375	13,650

Base Salary

Annual base salary is designed to provide a competitive fixed rate of pay recognizing different levels of responsibility and performance within Zymeworks. In determining whether to increase the base salary for a particular executive, our compensation committee in discussions with our Chief Executive Officer (for executive officers other than the Chief Executive Officer) considers a variety of factors, including performance, length of service and criticality of role.

Bonus

The annual cash incentive compensation represents pay at risk – it is only paid out if and to the extent certain goals and objectives are met. The annual cash incentive that each executive is eligible to receive is based on a pre-determined target percentage of his/her base salary. Our Board of Directors approves

Table of Contents

performance targets that are tied to the level of achievement of corporate goals. The compensation committee of our Board of Directors approves the weighting assigned to each goal. For 2018, the corporate and individual weighting was 100% corporate, 0% individual for the Chief Executive Officer and 75% corporate, 25% individual for all other executive officers. Corporate goals are a combination of strategic and operational goals. In 2018, we had corporate goals tied to key clinical development goals and other business development and corporate finance milestones, as further described below.

The compensation committee determines performance bonus payments based on the results achieved as compared to targets established for a particular year. Our Board of Directors approved the 2018 bonus payment to the Chief Executive Officer based on the compensation committee's recommendation, and the compensation committee approved the 2018 bonus payments to the other executive officers.

2018 Company Performance Objectives

The 2018 corporate goals were divided into four categories: (i) Clinical, (ii) Development and Pre-Clinical Research, (iii) Early Stage Research and Support and (iv) Business Operations and Support. The Clinical goals related to advancing clinical stage programs for our lead product candidate, ZW25, and submitting an Investigational New Drug application for our second product candidate, ZW49. The Development and Pre-Clinical Research goals related to generating adequate drug supply to execute on the Company's clinical plans and advancing the Company's therapeutic pipeline. The Early Stage Research and Support goals related to meeting the research support needs of our internal clinical and pre-clinical teams and our pharma partners, as well as the advancement and evaluation of our early stage platform candidates. The Business Operations and Support goals related to business development, extending our financial runway and ensuring the Company has in place the organizational structure needed for its long-term success. In evaluating overall performance, Clinical goals were weighted 40%, Development and Pre-Clinical Research goals were weighted 15%, Early Stage Research and Support goals were weighted 10% and Business and Operations Support Goals were weighted 35%.

In making its assessments of performance at the end of the year, the compensation committee determined that the Clinical and the Business and the Operations Support goals had been exceeded, and that the Development and Pre-Clinical Research and the Early Stage Research and Support goals had been met. Given the weighting of each category, in the aggregate, the compensation committee determined that 110% of the corporate goals had been achieved in 2018.

2018 Individual Performance Objectives

The individual objectives for each of the named executive officers, other than our Chief Executive Officer, were established between each such named executive officer and the Chief Executive Officer during 2018. These objectives were established, in the Chief Executive Officer's judgment, to provide the greatest opportunity for the Company to meet its annual and long-term objectives. At the end of the year, the Chief Executive Officer evaluated the performance of each such named executive officer and assigned an achievement percentage against the individual objectives for each such named executive officer.

For 2018, the bonus performance targets for each named executive officer, each individual's achievement against those targets and the amount paid to those individuals were as follows:

Long-Term Incentives

Our Stock Option Plan (as defined under "Employee Benefit Plans – Stock Option Plan" below) authorizes us to make grants to eligible recipients of stock options to attract, retain, motivate and reward qualified directors and employees and to enable and encourage such directors and employees to acquire common shares as long-term investments. The option exercise price may not be less than the closing price of our common shares on the date of grant on the primary stock exchange on which our common shares are traded. For most grants of stock options, 25% of the granted options will vest on the first anniversary of grant date (subject to continued service). On the last day of each month thereafter, a further 1/36 of the total number of remaining granted options will vest. Previous grants are taken into account when considering new option grants.

Under this program, we match the amount contributed by each executive into a group RRSP plan, up to a pre-determined percentage of annual salary. Upon the formal approval of the compensation committee on November 9, 2016, we began matching executives’ contributions to the group RRSP up to 5.5% of annual salary. Original Plan

Our second amended and restated employee stock option plan (the “**Original Plan**”) was administered by our compensation committee and provided for the grant of incentive stock options (“**ISOs**”) within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the “**IRS Code**”), non-statutory stock options, restricted stock and other stock-based awards. Our employees, officers, directors and consultants were eligible to receive awards under our Original Plan. Upon an acquisition of us, the exercisability of options or the vesting of restricted stock awards issued under the Original Plan will be accelerated. In addition, our Board of Directors will make appropriate provisions for the continuation of awards by us or substitution of awards by the surviving or acquiring entity.

As of April 28, 2017, no further awards were issued under the Original Plan. However, all outstanding options granted under the Original Plan remain outstanding, subject to the terms of the Original Plan and the applicable grant documents, until such outstanding options are exercised or they terminate or expire

by their terms. Any common shares subject to awards under our Original Plan that expire, terminate, or are otherwise surrendered, canceled, forfeited or repurchased without having been fully exercised, or resulting in any common shares being issued, will become available for issuance under the Stock Option Plan, up to a specified number of shares. Options granted under the Original Plan are non-assignable and non-transferable except that they will be exercisable by the personal representative of the option holder in the event of the option holder's death or inability to manage his or her affairs.

Stock Option Plan

On April 10, 2017, our shareholders approved a new stock option plan, which became effective immediately prior to the consummation of our IPO. This plan allowed for the grant of options to directors, officers, employees and consultants in U.S. or Canadian dollars, and also permitted us to grant ISOs to our employees. On June 7, 2018, the Company's shareholders approved an amendment and restatement of this plan (this plan, as amended and restated, the "**Stock Option Plan**"), which includes an article that allows us to grant restricted shares, restricted share units ("**RSUs**") and other share-based awards, in addition to options. To date, no restricted shares, RSUs or other share-based awards, other than options, have been granted.

The original maximum number of common shares reserved for issuance under the Stock Option Plan as of June 7, 2018 was 5,686,097, which includes 3,686,097 shares issuable upon exercise of options outstanding as of March 31, 2018. Beginning in 2019 and ending in 2028, this maximum number may be increased on the first day of each calendar year by up to 4.0% of the number of outstanding shares on the last day of the immediately preceding calendar year (referred to herein as the "evergreen feature"). ISOs may be granted with respect to a maximum fixed amount equal to 20% of the shares reserved for issuance under the Stock Option Plan as of June 7, 2018.

The Stock Option Plan allows for the grant of awards to our (or our direct or indirect subsidiaries') directors, officers, employees and consultants. The Board of Directors is responsible for administering the Stock Option Plan, and the compensation committee makes recommendations to the Board of Directors in respect of matters relating to the Stock Option Plan. The Board of Directors has authority to determine the terms, including the limitations, restrictions, vesting period and conditions, if any, of awards granted under the Stock Option Plan.

All options granted under the Stock Option Plan will have an exercise price determined and approved by the Board of Directors at the time of grant, which shall not be less than closing price of the common shares on the date of grant on the primary exchange on which the common shares are traded. We may convert a market price denominated in Canadian currency into United States currency and vice versa and such converted amount shall be the market price.

An option shall be exercisable during a period established by the Board of Directors, which shall commence on the date of the grant and shall terminate not later than ten years after the date of the grant. The Stock Option Plan provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate falls during a blackout period. In such cases, the extended exercise period shall terminate on the tenth business day after the last day of the blackout period, provided that the exercise period shall in no case be extended beyond the tenth anniversary of the date the option was granted.

All awards shall vest in accordance with the terms of the grant agreement. A participant's grant agreement or any other written agreement between a participant and us may provide that unvested awards be subject to acceleration of vesting and/or exercisability in certain circumstances. The Board of Directors may at its discretion accelerate the vesting of any outstanding awards notwithstanding the previously established vesting schedule, regardless of any adverse or potentially adverse tax consequences resulting

Table of Contents

from such acceleration or, subject to applicable regulatory provisions and shareholder approval, extend the expiration date of any option, provided that the period during which an option is exercisable does not exceed ten years from the date such option is granted. If the Stock Option Plan is terminated, the provisions of the Stock Option with respect to outstanding awards will continue in effect as long as any such award remains outstanding.

Except as specifically provided in an agreement approved by the Board of Directors, awards granted under the Stock Option Plan are generally not transferable; however, an optionee may, with the prior approval of the Board of Directors, transfer options to (i) such optionee's family or retirement savings trust, or (ii) registered retirement savings plans or registered retirement income funds of which the optionee is and remains the annuitant.

The following table describes the impact of certain events upon the rights of option holders under the Stock Option Plan, including termination for cause (as determined by the Board of Directors, in its discretion), resignation, termination other than for cause, retirement, death or disability:

Event	Provisions
Termination for cause	Forfeiture of all vested and unvested options as of date of termination
Resignation	Forfeiture of all unvested options Vested options exercisable until the earlier of the expiry date and 90 days after resignation
Termination other than for cause	Forfeiture of all unvested options Vested options exercisable until the earlier of the expiry date and 90 days after termination
Retirement	Forfeiture of all unvested options Vested options exercisable until the earlier of the expiry date and 90 days after retirement
Death or disability	Forfeiture of all unvested options Vested options exercisable until the earlier of the expiry date and one year after event

The Board of Directors may, in its sole discretion, suspend or terminate the Stock Option Plan at any time, or from time to time, and may amend the Stock Option Plan or any option at any time without the consent of the optionees provided that such amendment shall (i) not adversely alter or impair any option previously granted except as permitted by the terms of the Stock Option Plan, (ii) be subject to applicable law and any regulatory approvals including, where required, the approval of the TSX, and if our common shares are listed or posted for trading on another stock exchange, the stock exchange(s) where the common shares are listed or posted for trading, and (iii) be subject to shareholder approval, where required by law, the requirements of the TSX, and if our common shares are listed or posted for trading on another stock exchange, the stock exchange(s) where the common shares are listed or posted for trading or the Stock Option Plan, provided however that shareholder approval shall not be required for the following amendments and our Board of Directors may make any changes which may include but are not limited to:

- amendments of a general housekeeping or clerical nature that, among others, clarify, correct or rectify any ambiguity, defective provision, error or omission in the Stock Option Plan;

- a change to the provisions of any option governing vesting, assignability and effect of termination of a participant's employment contract or office;
- the addition of a form of financial assistance and any amendment to a financial assistance provision which is adopted;
- a change to advance the date on which any option may be exercised under the Stock Option Plan; and
- an amendment necessary to comply with applicable law or the requirements of the TSX or other regulatory body having authority over the Company, the Stock Option Plan, the participants or the shareholders.

For greater certainty, the Board of Directors shall be required to obtain shareholder approval to make the following amendments:

- any amendment which reduces the exercise price of any option after the options have been granted or any cancellation of an option and the substitution of that option by a new option with a reduced price, except in the case of an adjustment pursuant to a change in capitalization;
- any amendment which extends the expiry date of any option beyond the original expiry date, except in case of an extension due to a blackout period;
- any increase (other than pursuant to the evergreen feature described above) to the maximum number of common shares issuable from treasury under the Stock Option Plan and any other treasury-based share compensation plans, other than an adjustment pursuant to a change in capitalization;
- a change to the eligible participants of the Stock Option Plan;
- any amendment to the restrictions on common shares issuable to Company insiders;
- any amendment to the restriction providing that no option shall be granted, and no common shares shall be issued or sold under the Stock Option Plan, where such grant, issue or sale would require registration of the Stock Option Plan or of common shares under the securities laws of any foreign jurisdiction (other than the United States), and any purported grant of any option or purported issue or sale of common shares under the Stock Option Plan in violation of such restriction shall be void; and
- any amendment to the amendment provisions of the Stock Option Plan.

Employee Stock Purchase Plan

On April 10, 2017, our shareholders approved an employee share purchase plan, which became effective immediately prior to the consummation of our IPO. On June 7, 2018, the Company's shareholders approved an amendment and restatement of this plan (this plan, as amended and restated, the "ESPP"). The following is a summary of the terms of the ESPP.

The ESPP permits participation by employees of the Company and its subsidiaries that are designated to participate in the ESPP by the Board of Directors. The compensation committee of the Board of Directors is responsible for administering the ESPP. The ESPP is intended to qualify as an "employee stock

purchase plan” within the meaning of Section 423 of the IRS Code for employees who are United States taxpayers.

Unless otherwise determined by our Board of Directors, participation in the ESPP is open to our employees in Canada and the United States who are customarily employed for at least 20 hours per week. Participation in the ESPP is voluntary. Eligible employees are able to contribute up to 15% of their gross base earnings for purchases under the ESPP through regular payroll deductions. No employee is eligible for the grant of any purchase rights under the ESPP if immediately after such rights are granted, such employee has voting power over 5% or more of our outstanding common shares measured by vote or value under Section 424(d) of the IRS Code. In addition, no employee may purchase shares under the ESPP at a rate in excess of US\$25,000 worth of our common shares (determined on the grant date of the purchase right) for each year such purchase right is outstanding. The purchase price to be used for purchases under the ESPP may be as low as 85% of the fair market value of the common shares on either the first day of the applicable purchase period or the last day of such purchase period (whichever date has the lower fair market value). The fair market value of the common shares on a particular day to be used to determine the purchase price under the ESPP will equal the closing price of the common shares on the primary exchange upon which they are traded on such date (or, if such day is not a trading day, then on the trading day immediately preceding such day).

The ESPP is implemented through a series of offerings under which eligible employees are granted rights to purchase our common shares at the end of specified purchase periods. We currently expect to hold offerings consisting of a single six-month purchase period commencing on January 1 and July 1 of each calendar year, with a single purchase date at the end of each purchase period on June 30 and December 31 of each calendar year. However, our compensation committee may establish different offerings and purchase periods from time to time, which may have a duration of between three months to twenty-four months. Our first offering commenced on July 1, 2017 and ended on December 31, 2017. Common shares purchased under the ESPP are issued from treasury in accordance with applicable laws and the terms and conditions of the ESPP. The number of common shares reserved for issuance under the ESPP cannot exceed 272,350 common shares, plus the number of common shares that are automatically added on January 1 of each year, commencing on (and including) January 1, 2018 and ending on (and including) January 1, 2027, in an amount equal to the lesser of (i) 1% of the total number of common shares issued and outstanding on December 31 of the preceding calendar year, and (ii) 419,000 common shares. No rights to purchase common shares may be issued under the ESPP from and after the tenth anniversary of the date the ESPP became effective, unless otherwise approved by our shareholders.

The ESPP is administered by the compensation committee. The compensation committee has the authority, in the event the common shares are subdivided or consolidated, or in the event the common shares will be exchanged for shares of another issuer in the context of a reorganization, split-up, liquidation, recapitalization or similar transaction, to determine appropriate equitable adjustments, if any, to be made under the ESPP, including adjustments to the number of common shares which have been authorized for issuance under the ESPP.

In the event of certain significant corporate transactions such as an acquisition, merger or sale of all or substantially all of our assets, then either (i) a participant’s then-outstanding purchase right shall be continued or substituted for by the surviving or acquiring entity, or (ii) such purchase right shall be terminated in exchange for a cash payment equal to the fair market value of a number of our common shares on the date of such transaction that the participant’s accumulated payroll deductions as of the date of the transaction could purchase, determined with reference only to the first business day of the applicable purchase period, less the result of multiplying such number of shares by such purchase price.

Table of Contents

Our Board of Directors has the right to amend or terminate the ESPP, in whole or in part, at any time, subject to applicable laws and requirements of any stock exchange or governmental or regulatory body (including any requirement for shareholder approval). Subject to certain exceptions, our Board of Directors is entitled to make amendments to the ESPP without shareholder approval.

Rights to purchase shares granted under the ESPP cannot be transferred or assigned by the holder thereof other than by will, the laws of descent and distribution.
